. . . . Dedicated to

MR. A. BEAUMONT

To a person who nas listened to our most distressing problems, aided us in our hours of need, and has planned for us from our entrance to our exit or finale the many activities we have participated in, Mr. Arthur Beaumont—we dedicate this KEEPSAKE of January 1960.

Act I—Our sophomore year saw the vast planning he was engrossed in for us. It was our most distressing term; we were confronted by a new school and a new form of education. Many problems arose, all easily solved by his confidence-inspiring personality.

Act II—The center of our second year saw our miseries subdued by the learned Mr. Beaumont. It was tne unfolding of our most remembered Jr. Prom, "Moon Glow."

Act III—This our Senior Year has brought to light the many activities made possible by the man to whom we dedicate this, our Yearbook—Class of January, 1960.

Our three years here at Southern have been like a great play; each year contributing an act, and each activity a scene. All this has been a story of our class. As the curtain opened, we found ourselves in S.P.H.S. Auditorium. Beginning at this point, we were a hundred sub-plots all walking toward one goal, the finale. All too soon it comes, at which time we all meet again in that same auditorium, not as boys and girls, but as men and women to accept for our efforts and accomplishments this highly honored parchment. As the play unfolds we face the world and realize that the climax has been reached. We are now ready to make our curtain call on the stage of high school life. This play, our story, has been one of our dearest memories. From this play come acts, scenes, and lines which will be dear to us for the years to come. So here you have the best way to keep these memories alive, through this book, the ninth production which has been entrusted to this the January Class of 1960.

PRINCIPAL'S MESSAGE

Dear Boys and Girls:

One experiences a grand feeling to be part of a yearbook such as our "Keepsake." Not because it has won many awards over the years for its artistry, but because it belongs to a group of fine young men and young women.

I hope that I have been of service to you. As a parting word of advice, let me suggest that you promise yourself to live up to the Optimist Creed—"To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble."

All of you have my best wishes for a long, healthful, happy, and successful future.

JOSEPH J. ROSSI
Principal

DR. MAURICE WASSERMAN

"Good morning, boys and girls. This is Dr. Wasserman. This morning I have a few reminders for you." How many times have we heard this during the past three years in Southern? Too many times to count, that is for sure! Dr. Wasserman is responsible for our public address system in school and has been "delivering the goods" during almost every advisory period! If not for him and his daily gossip, how would we have known about our various meetings, responsibilities and the approach of the next early day?

His administrative ability was obtained from a rich background of intellectual accomplishments. Among his degrees are a B.S. and M.S. from the City College of New York, and a Ph.D. from the University of Pennsylvania. In addition, Dr. Wasserman has experienced the sponsorship of a school newspaper and a dramatics club prior to his career at SOUTH PHILADELPHIA HIGH SCHOOL.

We owe a great deal of thanks to Dr. Wasserman.

DR. JOSEPHINE CAPORALE

As one of our three vice-principals, Dr. Caporale has various duties and obligations which she performs with the intelligence, efficiency and understanding of a conscientious person. She seems never to tire and is always ready to lend a willing ear to listen to students' tales of grief or joy or to offer her guidance with the numerous extra-curricular clubs and activities enjoyed in our school. Her other duties also include the administration of the school.

Dr. Caporale's high school education was obtained at none other than SOUTH PHILADELPHIA HIGH SCHOOL for GIRLS. Her next step was Temple University where she obtained her B.S. degree. Her next accomplishment in the field of education was made in the University of Pennsylvania where her M.S. and Ed.D. were acquired.

Dr. Caporale, the class of January, 1960, would like to thank you for the many things that you have done for us.

MR. SIDNEY WAGMAN

Mr. Sidney Wagman, is the newest addition to the administrative staff. Although he has been a part of our school for the last year and a half, many of us are not acquainted with him. However, this is a good omen, as his duties involve the disciplinary department!

He attended Temple University and the University of Pennsylvania and has received his Masters Degree.

Even though he has been with us a short time, he has gained the respect and admiration of the staff and students.

Mr. Wagman, we hope that you will enjoy many happy and healthy years at South Philadelphia High School.

ENGLISH

The spotlight falls on our English Department. The literary world was opened to us during these three years. Our teachers impressed us with their vast knowledge and everlasting understanding of our not "digging" Shakespeare.

Some of us tried our creative skills in the Journalism class and others "hamming" it up in Dramatics. "Star" English was offered for those of us who were amateur psychologists. How can we forget the many dreaded book tests, essays and compositions, term tests, grammar reviews research papers, poetry reading, and of course, "Romeo, Romeo, wherefore art thou Romeo?" Charles Dickens, Edna Ferber, Robert Frost, William Shakespeare, you will be in our hearts forever!

HISTORY

Of course Grant took Richmond. If you don't believe me, ask Miss Liberty Bell (Miss Bergen), or any one of the teachers in our school under the direction of Mr. Brodsky, the head of the Social Studies Department.

If there were any questions in our minds concerning history, we knew where to go. All of our history teachers were up to date on their favorite subject and were overjoyed to exhibit their great store of knowledge.

We were certainly privileged to be able to obtain such an excellent background in both American and European history here at Southern.

SCIENCE

The Science Department of South Philadelphia High School is one of the finest in the city. We can attribute this accomplishment to our wonderful science teachers and to the capable head of the department, Mr. Nelson.

Biology, physics, and chemistry are the sciences offered in our school to insure our understanding of the world we live in.

For those who wish to probe deeper into the wonders of nature, there is an advanced science course. This course enables gifted students to indulge in those fields of science which most interest them and to develop pure scientific reasoning.

Southern certainly gives the training in the light of modern theory and keeps abreast of the latest developments in the different sciences.

MATHEMATICS

Whether preparing for college or the business world, we have all come in contact with the Mathematics Department. These, our instructors, with their understanding guidance and capable teaching, have coached us towards the goal of progress for the past three years.

Since variety is the spice of life, our school offers many branches of math, such as geometry, algebra, trigonometry, solid geometry, and general math. How can we forget the tense moments experienced on those Wednesday mornings!

With the approaching electronic age it will be up to us, the future scientists and mathematicians of tomorrow, to meet the needs of our world. This department has been one of the most important stepping stones to our ambitions. We, the class of 1960, appreciate your worthwhile endeavors and will continue to do so in the years to come.

LANGUAGES

"Labor omnia vincit" (labor conquers all things) should be the motto for our fine Language Department. Headed by Mr. Baccari, the language teachers have been understanding and have painstakingly tried to instill in us the "A, E, I, O, U's!" of either Latin, French, Italian, or Spanish. How could any of us forget thinking "Que se yo" (how should I know) when the big Spanish major questions stumped us; reading "Cyrano de Bergerac" in French!; learning to speak Italian by records; trying to comprehend the "comprehensive" Latin tests; those "impossible" quickie quizzes; a detective story called, "Noche Oscura En Lima"; acting out an Italian opera. And how many of us could honestly translate an entire story on our own? These memories will be "Memoria in aeterna." (In everlasting remembrance.)

MODIFIED

The Department of Special Curricula, under the able leadership of Mr. Jack Lempert, includes the fields of music, home economics, as well as its modified program. When Maestro Lempert lifts his baton, he must make harmony out of many seemingly divergent subjects, for his supervision extends from biscuits to Beethoven, from cookies, to Chopin, and from soup to Shostakovitch. The modified curriculum helps those non-academically-minded students, who otherwise might have difficulty, to complete a course of study which helps them find a useful place in the world.

COMMERCE

The Commercial Department, under the leadership of Mr. Sunderland, has many things to offer students whose aims are careers in the business world. It is Southern's largest department, teachers and student-wise. For girls wishing to acquire working experience, the cooperative education course is available, provided they have maintained good marks in the preceding terms. The boys, too, may take the distributive education course. In this course they come to school in the morning and work during the afternoon. Among these opportunities are the chance to learn to use a number of machines that you would find in an office. Among these machines that you would find in an office are the following: comptometer, monroe, sunstrand, bookkeeping, audiograph, ediphone, and mimeograph.

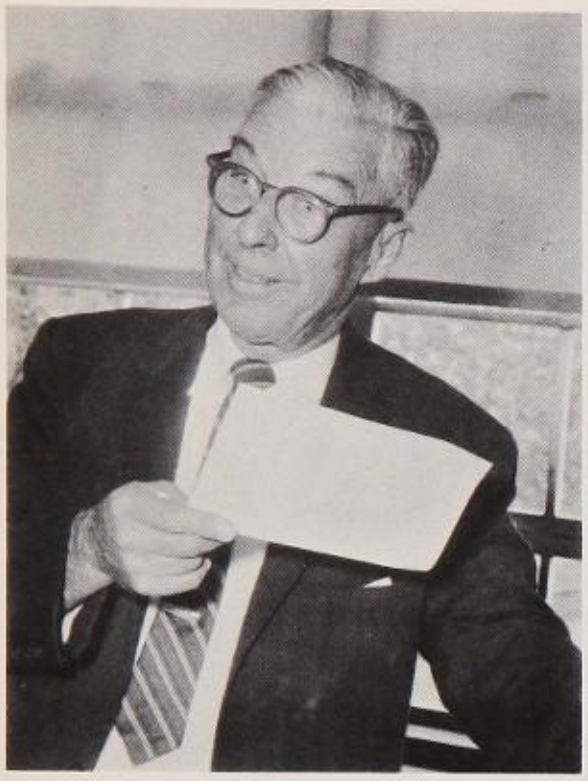
GYM DEPT.

The Physical Education Department for boys, under the leadership of Mr. Brody, offers a broad, well-balanced program of activities designed to develop those desirable skills, interests, habits, and attitudes which will satisfy the student's needs both in and out of high school. Soundness in body and mind has been the goal of men for generations. The Physical Education Department program aids students in attaining physical soundness and athletic prowess.

The Girls' Gym Department is under the leadership of Mrs. Crawford. The competent teachers, Mrs. Crawford, Miss Conkling, Mrs. Geiger, Miss LaFont, Miss McNaughton, Miss Murphy, and Mrs. Shegog, give the feminine half of S.P.H.S. instructions in physical and health education.

Not only do they faithfully fulfill their duties, but they also carry on an extensive extra-curricular program. Through their efforts we girls have an opportunity to learn modern dancing, bowling, tennis, cheerleading, and numerous other games and sports.

INDUSTRIAL ARTS



Mr. H. Davis
Departmental Head

Our Industrial Arts Department covers an assortment of shop and trade preparatory courses. These courses provide the boys with an "over-all" education so that they will be prepared to enter either the industrial world or to advance themselves better in the academic field.

The boys spend many hours in such shops as woodcutting, silkscreening, and printing. They learn how to operate skillfully the intricate machines and pick up many hints that will aid them in the years to come.

The department is under the fine supervision of Mr. Davis. He and his staff members are noted throughout the school for their wonderful sense of humor; they have been an aid to the boys with their careful advice and training.

The boys would like to express their thanks and tip their hats to an efficient and helpful staff!

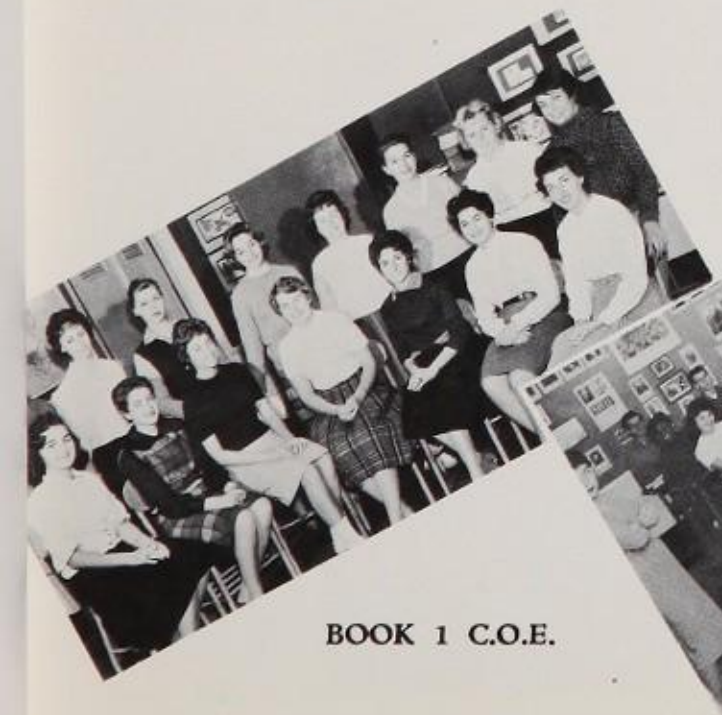
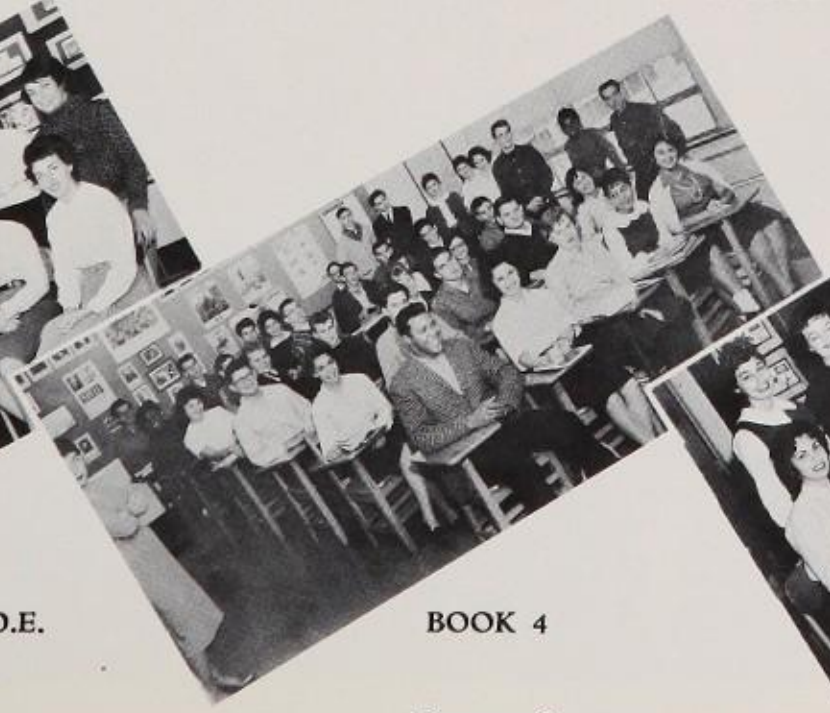
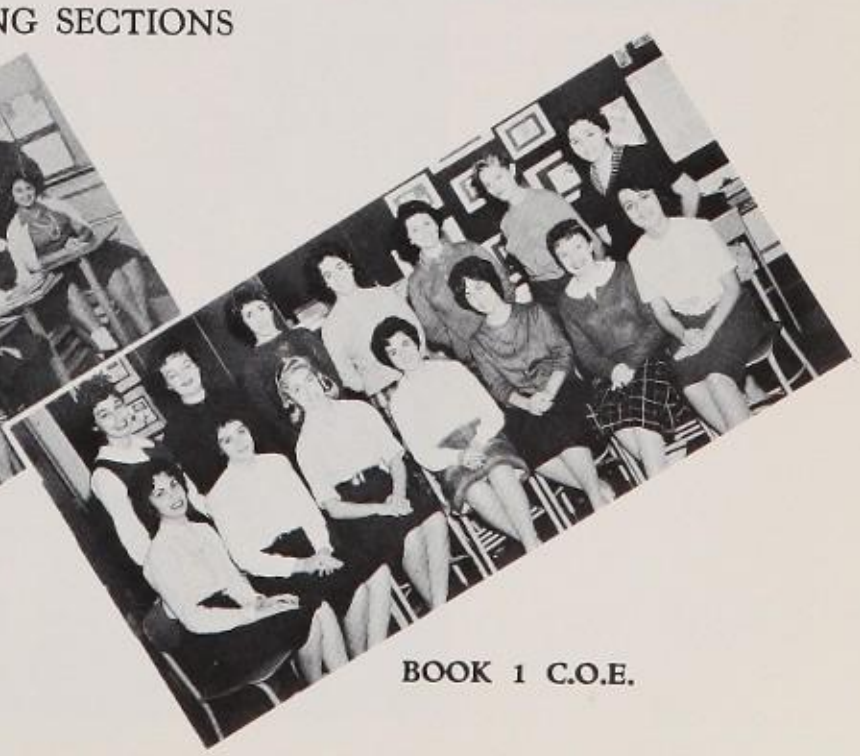
. . . . TOP AD GETTING SECTIONS



BOOK 1 C.O.E.



BOOK 4



BOOK 1 C.O.E.

Miss M. V. O'Neil

"Get those personal cards in or else!" This sound was quite familiar to us, the members of the Keepsake Staff and to those of us around the Keepsake office. The personal cards, however, were not the only things that we dealt with. It was the job of the co-editors to write a theme for our Yearbook, while the assistant editor's main worry was the pictures. Of course, the literary department and the typing department had quite a responsibility, also. These are the main points, plus hours and hours of work after school, which made your Keepsake, January 1960, the book that you are now reading.

All of these things could not have been accomplished without the careful supervision and experience of our sponsor, Miss O'Neil. In forming a book such as this, there were many rough spots, but the person that was always ready to smooth them was our sponsor. Miss O'Neil has been sponsoring the Keepsake staff for four years and has listened to the woes and joys of many editors.

During a brief period of our sponsor's absence, Mr. Shelow and Mr. Paravincini aided our staff. We would like to extend our thanks to these members of the faculty. The staff appreciated their help.

Along with the work the editors had laid out for us there were also the many pleasant hours of sharing each other's company. (The yelling, screaming, and #%$&*? we will not mention.)

However, despite the ulcer-forming times the staff experienced, we managed to emerge victorious and make what we think to be a wonderful Yearbook. We hope that you think as we do and that your Yearbook becomes a symbol of your life at Southern that you will never forget.

"The Southrons will be distributed on Friday!" The familiarity of these words symbolized the work and efforts of our capable staff under the leadership of Mr. George Paravicini. This distinguished literary advisor has once again resumed his position as sponsor of the newspaper.

The superb work and efforts of Dottie Sworob, editor-in-chief of the paper, and Steve Wolk, the associate editor, have maintained the paper's high standards. We will long remember such feature articles as "Whee Three" written by Carole Margadona, Lynn Evangelist, and Carole DiStephano and "Such Is Life!" by Beverly Spitalny! The girls' sports section was edited by our own Charlotte Berger! The expert coverage of the various events kept us well informed.

We honor you, the staff, for employing your sparkling ideas, your limited time, and your enhancing talents; these qualities are outstanding, desirable, and, as it has always been and will always be, traditional!!

One of the first activities of this past term was a reception given for the 10A's, who were formally welcomed into the school at this time. Among our other activities, there have been various dances, such as: "The Patio Party" and our "Harvest Hop," which numerous guest stars attended.

OUR MISS LIBERTY BELL

Miss Joan Bergen, young, intelligent, and attractive was selected as "Miss Liberty Bell" for Philadelphia's gala Fourth of July celebration, welcoming Alaska as the 49th state.

With authorization of the City and the help of a spacious bus, our Miss Bergen set about the task of visiting the original thirteen colonies and inviting each of the governors to attend the ceremonies at Independence Hall.

In Boston, she was crowned "Queen of the Bunker Hill Day Ball" and given a champagne breakfast in Washington. Also, she was formally introduced to the United States Senate. Miss Bergen represented our fair city with wholesomeness and sincerity that is symbolic of our fair nation.

ORCHESTRA

MR. JOHN MACK

Our Band and Orchestra, under the able direction of Mr. John Mack, has been a source of pleasure to all of us. The Band, bedecked in their snappy red and black uniforms, cut an impressive figure on our field during the football games. Southern's morale has been boosted by our Band, as we cheered our team on to victory.

The Orchestra, as always, continues to be Southern's main cultural organization. The orchestra's participation in "Call Me Madam," "Oklahoma," and "Brigadoon" gave the "Broadway touch" to our shows. The orchestra also added a bit of nostalgia to our commencement.

The Orchestra and Band will be remembered for producing the finest music this side of Broad Street!

"If at first you don't succeed, try and try again" is a motto by which our Red and Black Rams have, for a trying five years abided by. It has been proven many times over that if you try and try hard enough, your goal is always achieved.

This, our Senior year, was the year our baseball team regained its athletic supremacy. The winning of the city title was a great triumph for the team and the school. This victory gives the Seniors the feeling that they are "Our Champions." Upon gaining the City Championship many honors were bestowed upon the boys of the team. A special assembly was held for them. Board of Education officials, city officials and former Southern High graduates were present to help celebrate their victory.

59 BALL PIONS

Mr. J. Pitt
Coach

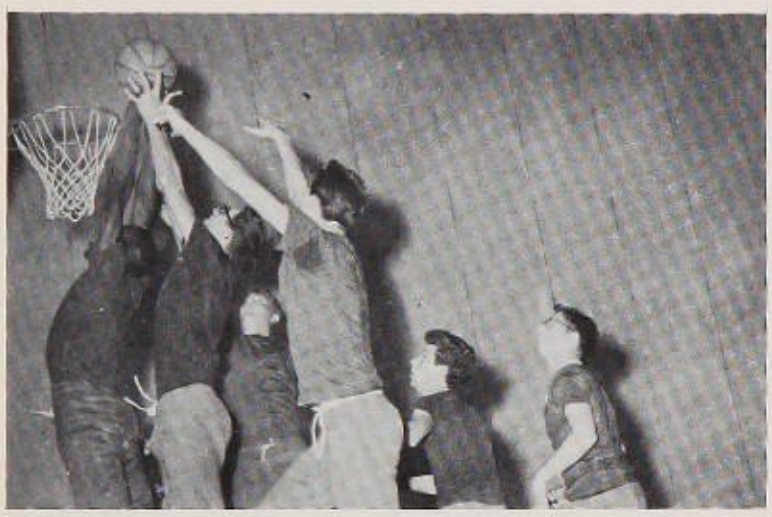
At the beginning of the Fall term Mr. Harry Kuch, a prominent member of the Board of Education and a former Southernite, purchased for the team gold pins in the form of a baseball. These were presented to the team at a formal luncheon held in their honor.

There is one point that must be remembered; that is, to have a championship baseball team you must have a championship leader. Under the fine instruction of Mr. Joseph Pitt, these boys were able to slide in to home base with ease.

Many of the team members will be graduating. We hope that the loss of these people will not injure a fine baseball team and that next year we, the Alumni of South Philadelphia High School, can celebrate another victory.

Mr. William Esher, *Coach*

1959—1960 BASKETBALL



Another basketball season, another long drive for the Southern Rams. Once more the Southern net men will match their skill and determination against all comers. This season will have the Rams playing 22 games, 6 of which will be against teams in the Catholic League. Again our alumni can see the fabulous Southern-Neumann duel in our gym where we hope to see our boys bring home the top honors.

Our varsity coach, Mr. William Esher, is working his team into a great scoring machine; and with the help of Mr. Harold Zeitz we can really expect to see the Rams' basketball men high in the end of the season standings.

1959 FOOTBALL

ASSISTANTS
Mr. Pitt, Mr. Zampino

COACH
Mr. Siani

It was indeed a successful season for the "Rams" of South Philadelphia High School. The high-spirited "Raiders," as they were affectionately named, romped through a season of six wins, one loss, and one tie, bringing home the Trent Trophy once more to its proper resting place by defeating their local competitor, Bok.

The "Raiders" put up a valiant fight for the city title; under the fine leadership of Mr. Mex Siani, our boys continually were a threat to their opposing teams of the Public League. Such names as Starlozzi, Siani, Moffat, Nardi, and Ralph will not be forgotten as long as Southernites participate in the grid-iron sport. So it closed, a season of high-tension competition, good sportsmanship, and the feeling of a job well done.

1959
BOWLING CHAMPIONS

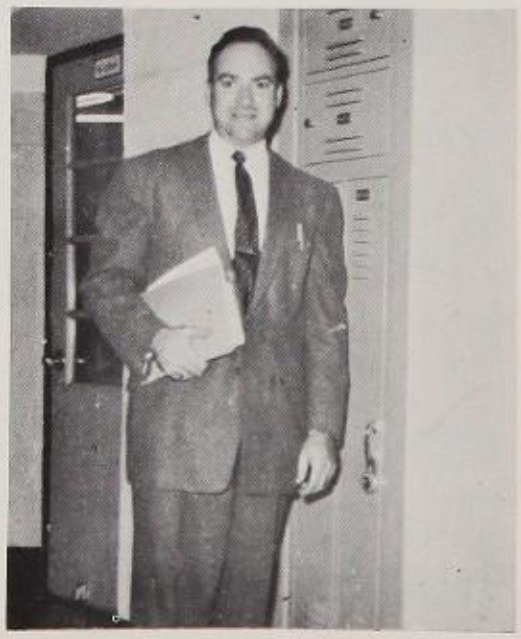
Southern's varsity bowling team entered into league competition this season with the same team that won the Public High School championship a year ago.

The varsity, consisting of Nick Deguglielmo, Jay Mason, Bob (Bosco) Pennestre, Stan Angelo, and Frank Schiavo, is one of the finest teams ever put out by a Philadelphia high school.

The junior varsity, led by captain Michael Seidman, feels sure that they will undoubtedly win the junior varsity championship, thereby bringing to Southern a double championship. The junior varsity consists of Michael Seidman, Dennes Barone, Bill Pulcinello, Sal Cimino, and John Iapalucci.

Mr. Levin, coach of the bowling team, is very proud of the entire bowling team that has been assembled this year.

We wish Mr. Levin and his team the best of luck this season. We are sure they will do their best to win. Here's hoping they will have no misses and all strikes.



Mr. Levin, *Coach*

TRACK TEAM

In the field of track, speed and efficiency is of the utmost importance. It is the responsibility of Southern's Mr. Carl Galetta, coach of the Rams mercury-men, to bring together a squad to represent Southern in all events.

This year all Southernites can look forward to seeing the speedsters running through the one hundred, and two-twenty yard dashes, the quarter mile run, and the fabulous mile relay.

How these Rams do is a question to be answered in the spring. If the team puts forth the fine cooperative fighting spirit and effort shown in the past, all Southern rooters will surely witness another championship, brought back to the home of the Rams, South Philadelphia High School.

Mr. D. Eastburn
Coach

Cross-country is a competitive sport, which involves a great deal of hard work and perseverence. The Rams this year displayed these qualities by giving everything they had, on and off the competition area. In practice these men of speed developed their running-style, coordination and strength. On the field our team was led by Larry Simmons who was soon showing his fellow harriers, the back of his heels as he ran on to break records previously recorded in Southern.

It was the Southern cross-country sportsmen, under the direction of Mr. Don Eastburn, who recorded a 9.7 rating for sportsmanship, the highest rating ever given a team in any sport in Philadelphia, who brought to Southern the Whitaker Trophy, an honor that this team and our student body can be extremely proud of.

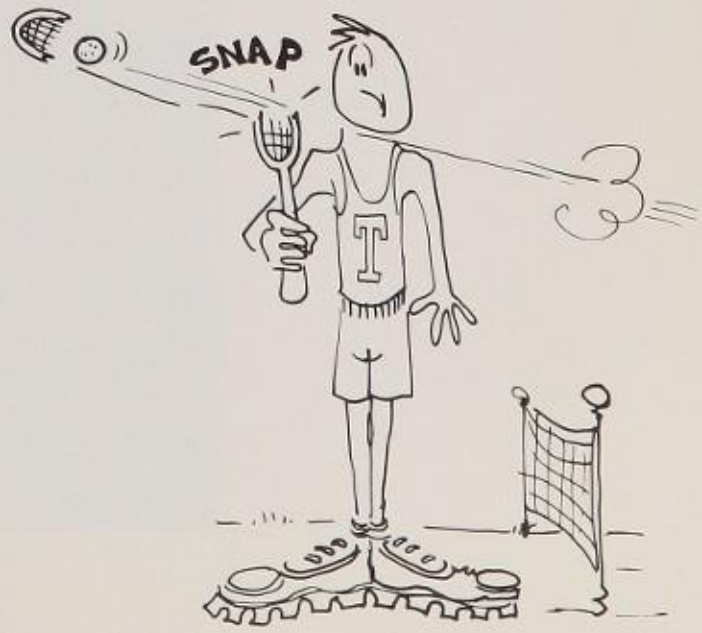
CROSS COUNTRY

Mr. M. Feldman
Coach

Tennis, a relatively new sport here at Southern, is slowly but surely gaining popularity. The following boys are members of the team: Paul Fisher, *captain*; Sam Merlino, Carl Savlov, Paul Kaschok, Allen Dektor, and Salvatore Rosanio.

Under the fine direction of Mr. Feldman, a great morale booster, this small but efficient group will be bolstered in the spring by the many tennis enthusiasts who are entering into this international pastime. So let us watch our team and support it, so that Southern will soon have a fine reputation, as well as a good representation in another field of competition.

TENNIS



. . . . GYM TEAM

Playing an integral part in the sports program of South Philadelphia High School is the Southern gym team. The team, under the direction of Mr. Carl Galetta, has been prominent among all gymnastic circles of the public high schools in the metropolitan area.

You may see them at any time working out in our modern gyms, on the horses, parallel bars or mats. These experts of body manipulation can and do bring our school honor in the physical fitness program of all four city's fine schools.

As we remember Southern, let us remember our gyms and by doing so always remember to do that extra push-up or take that much needed exercise. Let us all strive for the gym instructors' creed: "A sound mind in a sound body."

Mr. C. Galletta
Coach

. . . . SOCCER

Practice makes perfect—this was the cry of an inexperienced but determined group of fellows who made up our Varsity soccer team. The Rams went through a hectic season because of the basic errors of the game. Yet this team, with the never-ending willpower and drive instilled in them by their fine coach, Mr. Carl Galetta, came through with a shining record of 2 wins, 3 losses, and 3 ties. The Rams put up a marvelous defense in every game, not allowing more than four points to be scored on them by their much more experienced opponents.

If spirit and determination decided a game, our boys would win every time. But for the time being, these Rams will have to channel these attributes into the form of skill, which we're sure they can and will do, to bring Southern another championship award soon.

. . . . GIRLS' ATHLETIC ASSOCIATION

A long established organization, the Girls' Athletic Association, meets during the course of a year to plan and discuss athletic activities for the feminine half of S.P.H.S. Each term they launch a campaign to encourage the girls to participate in some phase of their broad program, which includes volleyball, modern dance, basketball, bowling, badminton, tennis, majorettes, cheerleaders, and colorguards. Using their ingenuity, they create programs which will interest all the girls, not only the very athletic, in recreational fun and physical development.

Representatives of each sport form the A. A. board and meet each week, under the supervision of Mrs. Dorothy Crawford and the president, to discuss individual team problems, game schedules, spectator participation, and new sport activities. One of their main aims is to enlarge their program by the addition of teams such as swimming, softball, and fencing. The board hopes that these ideas will become realities as soon as all the girls take an active interest in the Athletic Association.

. . . . TENNIS

TENNIS Formerly sponsored by Mrs. Scharf, the Girls' Tennis Team will be organized again in the spring and will probably be sponsored by Miss McNaughton. This team always represents one of the most popular sports at Southern.

BADMINTON The Badminton Team will meet again in February under the sponsorship of Mrs. Crawford. This team will once again take on teams from other Philadelphia high schools. Mrs. Crawford feels badminton to be one of the few sports with great carry-over value after graduation.

. . . . VOLLEYBALL

VOLLEYBALL Sponsored by Miss McNaughton, forty-six girls, divided into two groups with nine to a group, have played six other schools and have attended a volley-ball jamboree with sixteen girls from this area participating.

MODERN DANCE Under Miss McNaughton's inspired direction, the Modern Dance group dances in the Christmas program and lends its talents to our school shows. The girls have opportunity to learn choreography as well as some technique.

. . . . BOWLING

BOWLING Under the capable direction of their sponsor, Mrs. Geiger, forty members of the Girls' Bowling Team practice every Monday at the Spillway Bowling Alleys. This talented group has played all the bowling teams from other Philadelphia schools, as well as the Boys' Bowling Team.

CLASS OFFICERS AND SPONSOR

Working side by side, our Class Officers and Sponsor have done a commendable job. The difficulties they overcame paved the way for the many happy events which they insured to their fellow classmates. For many years, the memory of the Senior Prom, the 12A picnic, the Washington trip, the Baby Party, and the Dinner-Dance will remain with us.

Our thanks and gratitude are extended to our officers: Vivacious, intelligent Betty Fleming, our class president; our handsome and debonair vice-president, Allan Cheiken; our spunky and attractive secretary, Carolyn Gelone; and our sweet and pert treasurer, Kay Farrell.

The "Commander in Chief," Mr. Arthur Beaumont, has truly been a dedicated and devoted sponsor. We wish to thank him for his guidance and thoughtfulness.

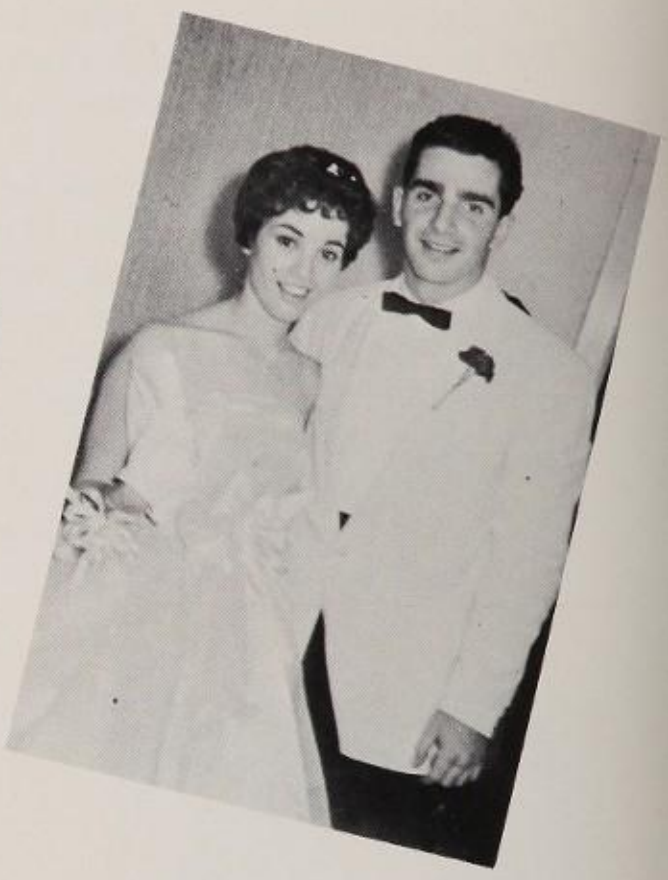
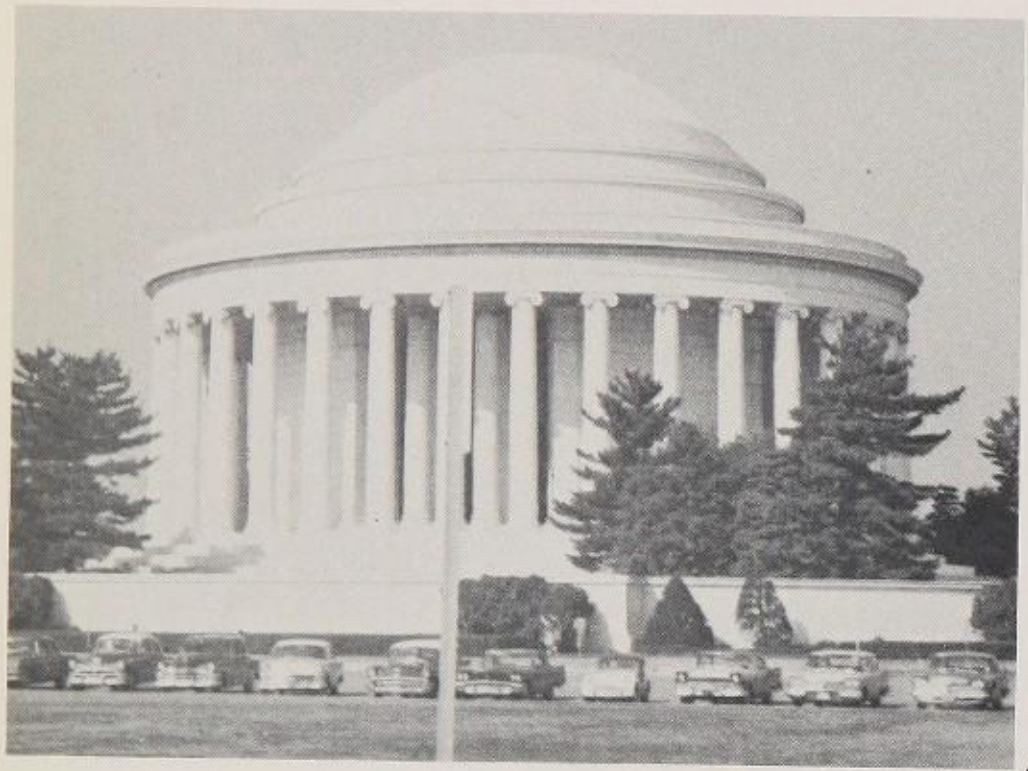
RHAPSODY IN BLUE



WASHINGTON

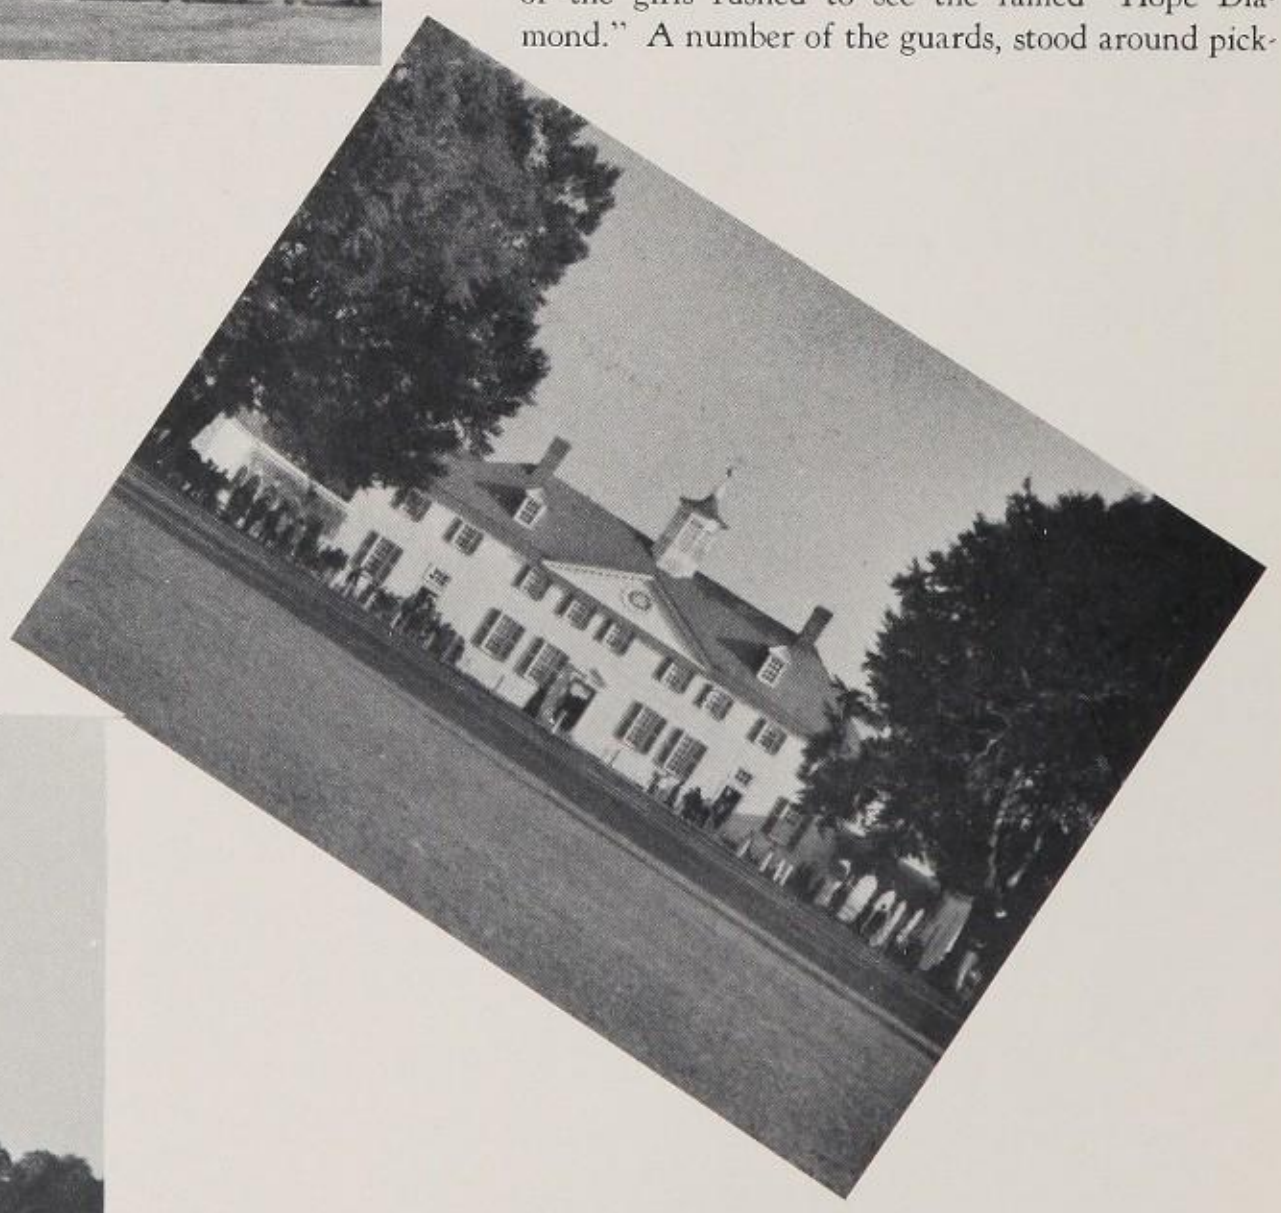


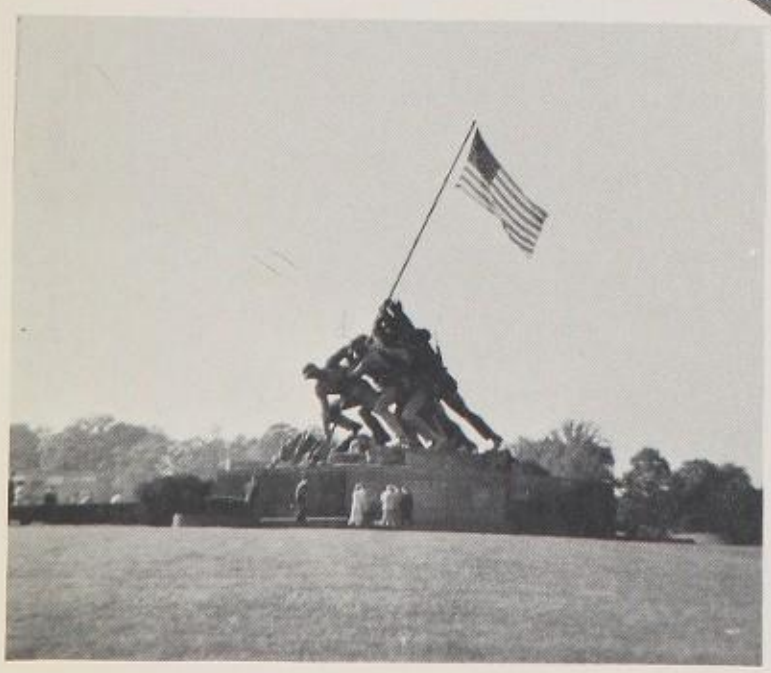
7:05 A.M., Departure of Washington Special from 30th St. Station.

As all the "bleary eyed" Seniors boarded the train, there stood our principal, Mr. Rossi, waving good-bye and wishing us an enjoyable trip. Above the snores was heard joyous singing, from the minute we left the station until we arrived in Washington. Upon arriving at 9:45 A.M., we took a hike to our buses, and were checked in.

Our first stop, was a "quaint cottage" known as the White House. We then had our picture taken. The picture turned out very nicely; that is, if you enjoy seeing foreheads, backs, and miscellaneous pieces of the human anatomy. Soon, we donned our mountain-climbing outfits, and toured the Capitol. We all left, filled with dreams of becoming Chief Executive of the United States.

Our next stop, was the Smithsonian Institute. When we arrived, we all went our separate ways, and toured the three impressive buildings dedicated to American, Medical, and Natural Sciences. Most of the girls rushed to see the famed "Hope Diamond." A number of the guards, stood around pick-





OR BUST

ing up the eyeballs of the "ga-ga girls" who contemplate getting a diamond of that size for their engagements (wishful thinking girls!) Back to the buses we trotted, and we took off.

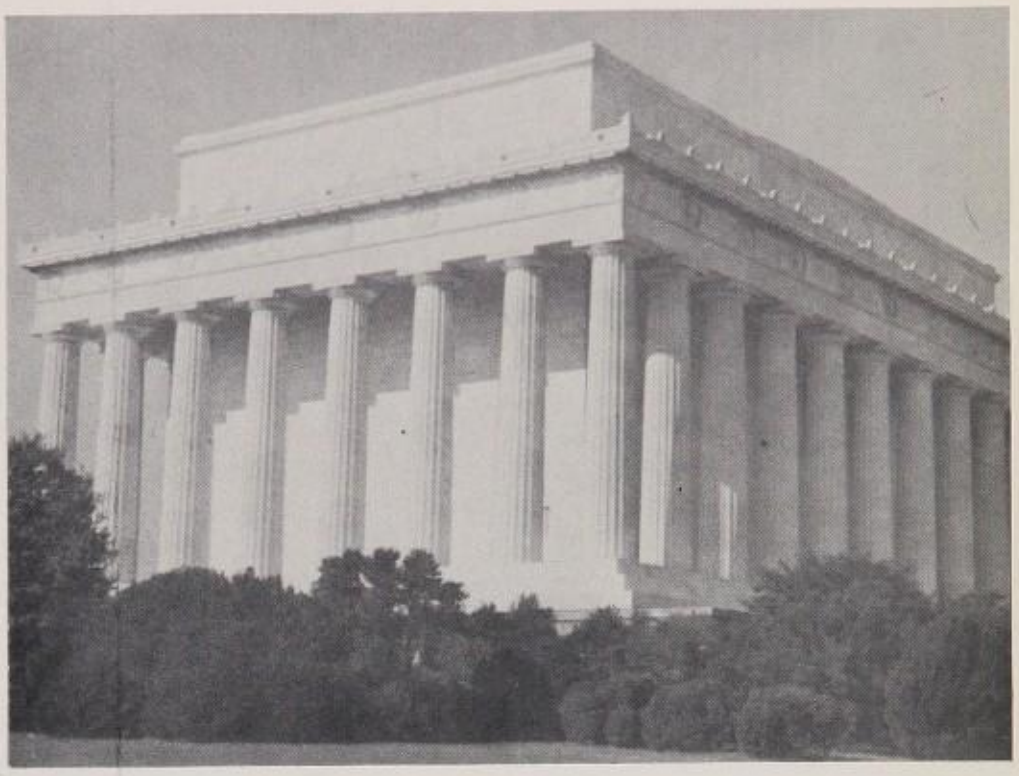
We then visited the "old faithfuls," the Lincoln and Jefferson Memorials. After viewing these impressive structures, we sped to Virginia and the Arlington National Cemetery. On arriving, we hopped off the buses and made a mad dash to get a glimpse of the changing of the guard. I think some of the kids broke the record for the mile that day. Although it is a solemn ceremony, some of the girls did some harmless flirting with the guards. I must give the guards credit, for it is very hard not to flirt back at the beautiful girls of Southern.

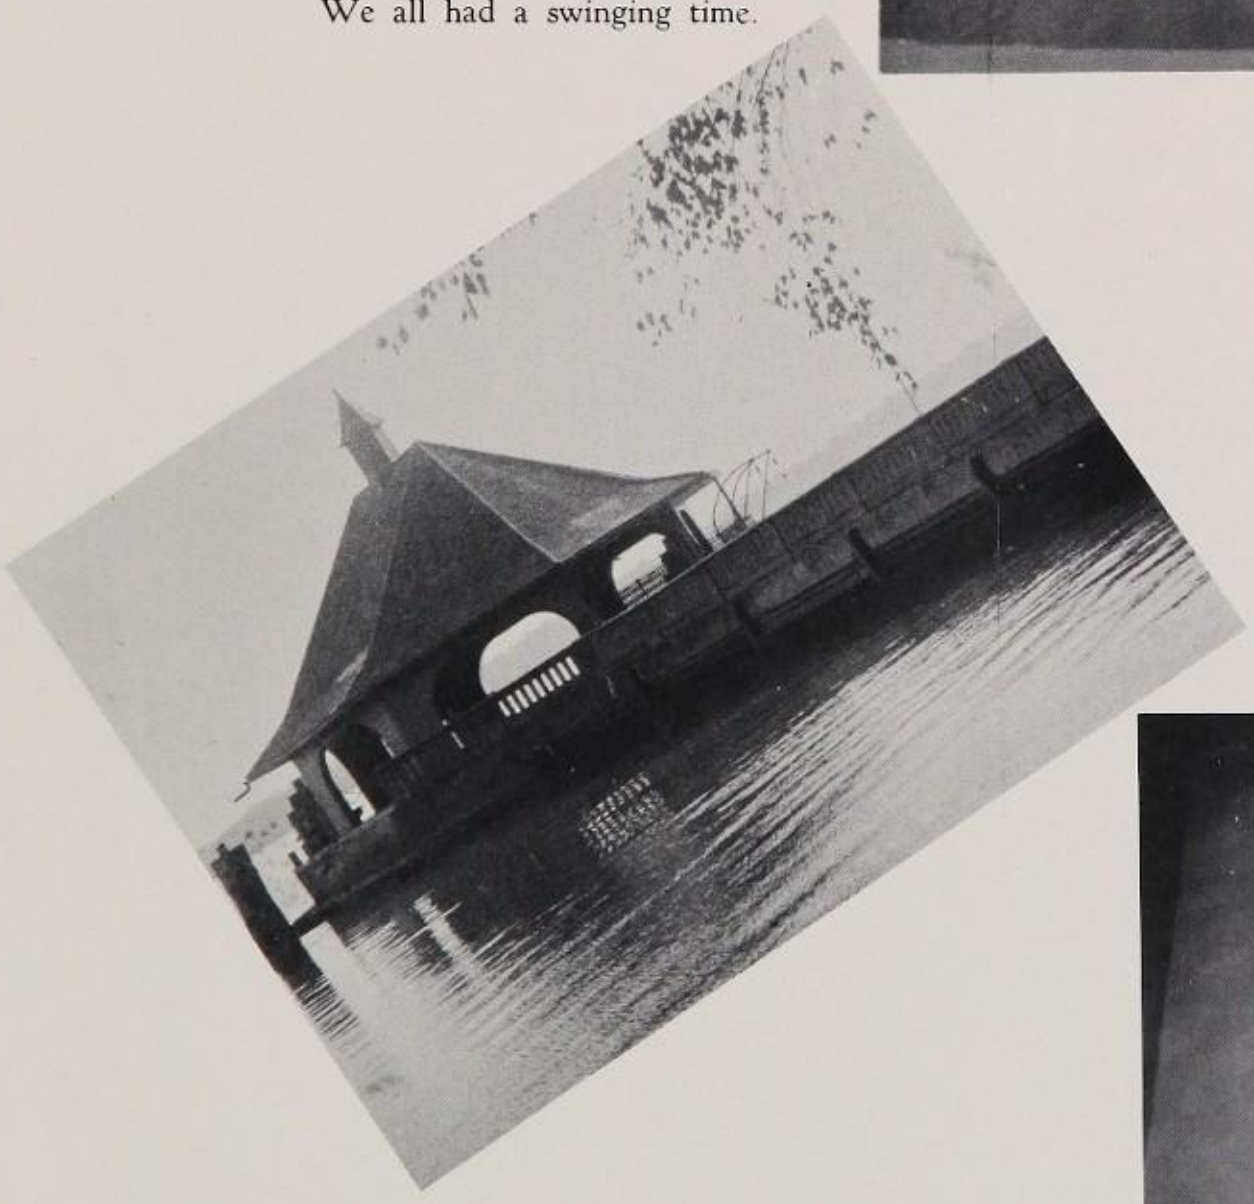
Off we were again, this time to Mount Vernon, home of George and Martha Washington. While there, we were hoping to see them, but found out that they were indisposed.

We then raced back to the station, boarded the train, and headed home.

P. S.

We all had a swinging time.





TORCH

THE TORCH: A CREED

I believe in the joy of study, the delight of acquaintance with books, the discipline of diligent learning, and the rediscovery of the world of nature and of men through an open mind.

I believe in character as essential to the highest type of scholarship. I hold that no intellectual achievement, however keen or clever, is worthy of deep respect unless it goes hand and hand with accuracy, reliability, honor, humility, tolerance, and truth.

I believe in service, that it is the privilege and responsibility of the enlightened member of any society to minister with kindness and understanding to the needs of the less fortunate in talent or in opportunity.

I rejoice in the burden of leadership which scholarship, character, and service lay upon me, for I believe that my torch should light others to lives of greater beauty, richer joy, and fuller service.

SILVER S SOCIETY

What does the Silver "S" mean? The "S" stands for Southern, and the Silver "S" is a pin that is given to those students of Southern who have achieved outstanding scholarship and have been on the Honor Roll for five terms. The qualifications for admittance to the society are rigorous, but the honor and prestige acquired by being a member are great rewards for the arduous study exerted. Miss Mary Jane Gillespie is the sponsor of the society. Miss Gillespie compiles a list of those students that have earned the honor of being members of Silver "S" at the close of each term.

These diligent students represent our very finest in scholastic achievement. Good luck to them all!

JANUARY 1960

TO THE GRADUATES OF JANUARY 1960:

Through the help of our principal, Mr. Joseph Rossi, and our vice-principals, Dr. Josephine Caporale, Dr. Maurice Wasserman, and Mr. Sydney Wagman, we have come to the end of our most important term in senior high school. We wish to thank these dedicated people for helping us reach successfully the last act of our high school drama.

In the preparation of this book we are most grateful to Mr. George Paravicini and Mr. Cyrus Shelow, who took time from their duties to assist us in the absence of our sponsor, Miss Margaret O'Neil.

We appreciate the splendid cooperation extended to us by our good friends - Mr. James Clark, printer; Mr. Al Bellino and Mr. Milt Techner, photographers of Zamsky Studios.

Without the help of three underclassmen, John Aiello, talented artist; Harlan Coopersmith, and Joel Lieson with photography and literary ability, this edition of the "KEEPSAKE" would not be as fine as we hope it is.

Moreover, we are indebted to those devoted members of the "KEEPSAKE" staff who labored tirelessly to produce a fine book.

Finally, we have reserved a special heartfelt thank-you for Miss Margaret O'Neil, who guided our literary efforts, and for Mr. Alexander Willis, who so capably handled the financial burden of publishing this edition of the "KEEPSAKE".

With deep appreciation of the efforts of all these people, we present your "KEEPSAKE" to you, the ninth graduating class of South Philadelphia High School. We hope you like it.

Sincerely,

Amelia M. D'Amico
